 Assorbimento d'acqua in % • Water absorption in % • Absorption d'eau en % • Wasseraufnahme in % • Absorción de agua en % • Водопоглощение %				≤ 0,5	
ISO 10545-3	%	≤ 0,05	Valore massimo singolo 0,6% • Maximum single value 0,6% • Valeur unique maximale 0,6% • Höchster Einzelwert 0,6% • Valor único máximo 0,6% • Максимальное отдельное значение 0,6%	N ≥ 15 cm	
 Dimensioni • Dimensions • Dimensions • Abmessungen • Dimensiones • Размеры			(max 5 mm)		
Lunghezza e Larghezza (a) • Length and width • Longueur et largeur • Länge und Breite • Longitud y anchura • Длина и ширина			± 0,6% • ± 2 mm		
Lunghezza e Larghezza (b) • Length and width • Longueur et largeur • Länge und Breite • Longitud y anchura • Длина и ширина			± 0,6% • ± 2 mm		
Spessore • Thickness • Epaisseur • Stärke • Espesor • Толщина	mm	%	± 5% • ± 0,5 mm	UNI EN 14411-G	
ISO 10545-2	mm	%	Conforme alla norma Conforme • Complies with the standards • Conforme aux normes. • Anforderungen erfüllt. • Conforme con las normas. • Соответствует норме.	± 0,5% • ± 1,5 mm	
Rettilineità degli spigoli • Edge straightness • Rectitude des arêtes • Geradlinigkeit der Kanten • Rectitud de los cantos • Прямолинейность кромок			± 0,5% • ± 2 mm		
Ortogonalità • Orthogonality • Orthogonalité • Rechtwinkligkeit • Ortogonalidad • Ортогональность			± 0,5% • ± 2 mm		
Planarità (c) • Flatness • Planéité • Ebenflächigkeit • Planeidad • Плоскость			± 0,5% • ± 2 mm		
Aspetto • Appearance • Aspekt • Aspect • Aspecto • Внешний вид			≥ 95%		
Resistenza alla flessione • Bending strength • Résistance à la flexion • Biegefestigkeit • Resistencia a la flexión • Сопротивление изгибу	ISO 10545-4				

(a) Differenza ammisible tra dimensione di fabbricazione e dimensione nominale • Permissible difference between work size and nominal size • Différence admissible entre la dimension de fabrication et la dimension nominale. • Zulässige Differenz zwischen Werksmaß und Nennmaß • Diferencia admisible entre medida de fabricación y medida nominal. • Допустимая разница между фактическим размером изделия и номинальным

(b) Deviazione ammisible in % oppure mm della dimensione media di una singola piastrella (2 o 4 lati) dalla dimensione di fabbricazione • Permissible % or mm variation in the average size of a single tile (2 or 4 sides) from the work size • Déviation admissible en % ou en mm de la dimension moyenne d'un seul carreau (2 ou 4 côtés) par rapport à la dimension de fabrication Zulässige Abweichung, in % oder mm, der mittleren • Größe einer Einzelfliese (2 oder 4 Seiten) vom Werksmaß / En porcentaje, desviación admisible del tamaño medio de un solo azulejo (2 o 4 lados) con respecto a la medida de fabricación • Допустимое отклонение в % или в мм среднего размера каждой плитки (2 или 4 стороны) от фактических размеров.

	Metodo di prova • Testing method • Méthode d'essai • Prüfmethode • Método de prueba • Метод испытания	Unità di misura • Measurement unit • Unité de mesure • Maßeinheit • Unidad de medida • Единица измерения	Valori Tipici Medi • Average Typical Values • Valeurs Moyennes Typiques • Typische Durchschnittswerte • Valores Típicos Medios • Средние Типичные Значения	Valori limite previsti • Established limits • Valeurs limites Prévues • Vorgesehene Grenzwerte • Valores límite previstos • Предусмотренные предельные значения	Norma di riferimento • Reference standard • Norme de référence • Bezugsnorm • Norma de referencia • Стандарт для испытания
 Modulo di rottura • Modulus of rupture • Module de rupture • Biegefestigkeit • Módulo de rotura • Прочность на изгиб				R ≥ 35	
ISO 10545-3				Valore singolo minimo 32 • Minimum single value 32 • Valeur unique minimale 32 • Geringer Einzelwert 32 • Valor único mínimo 32 • Минимальное отдельное значение 32	
 Sforzo di rottura • Breaking strength • Force de rupture • Bruchkraft • Esfuerzo de rotura • Предел прочности				N	≥ 1300
					≥ 1300
 Resistenza all'abrasione superficiale • Resistance to surface abrasion • Résistance à l'abrasion superficielle • Abriebefestigkeit • Resistencia a la abrasión superficial • Стойкость к поверхностному истиранию				Metodo interno • Internal method • Interne Methode • Méthode interne • Método interno • Внутренний метод	Classe interna • Internal class • Interne Klassifizierung • Clase interna • Класс внутренней классификации
					G-H
 Resistenza all'abrasione profonda • Resistance deep abrasion • Résistance à l'abrasion profonde • Tiefenabriebfestigkeit • Resistencia a la abrasión profunda • Устойчивость к глубокому истиранию	ISO 10545-6	mm²		ISO 10545-6	mm²
					120-150
					≤ 175
 Resistenza al gelo • Frost resistance • Résistance au gel • Frostbeständigkeit • Resistencia a la helada • Морозостойкость	ISO 10545-12			ISO 10545-12	
					Conforme • According to • Conforme • Gemäß • Conforme • Соответствует
					Prova superata secondo la norma EN ISO 10545-1. • Test passed in accordance with the EN ISO 10545-1 standard. • Essai réussi conformément à la norme EN ISO 10545-1. • Prüfung gemäß EN ISO 10545-1 bestanden. • Prueba superada de conformidad con la norma EN ISO 10545-1. • Проверено испытание на соответствие стандарту EN ISO 10545-1.
 Resistenza agli sbalzi termici • Thermal shock resistance • Résistance aux écarts de température • Temperaturwechselbeständigkeit • Resistencia al choque térmico • Стойкость к тепловым перепадам	ISO 10545-9			ISO 10545-9	
					Conforme • According to • Conforme • Gemäß • Conforme • Соответствует
					Prova superata secondo la norma EN ISO 10545-1. • Test passed in accordance with the EN ISO 10545-1 standard. • Essai réussi conformément à la norme EN ISO 10545-1. • Prüfung gemäß EN ISO 10545-1 bestanden. • Prueba superada de conformidad con la norma EN ISO 10545-1. • Проверено испытание на соответствие стандарту EN ISO 10545-1.
 Coefficiente di dilatazione termica lineare • Linear thermal expansion coefficient • coefficient linéaire de dilatation thermique • Linearer Wärmeausdehnungskoeffizient • Coeficiente de dilatación térmica lineal • Коэффициент линейного теплового расширения	ISO 10545-8	x10⁻⁶°C		ISO 10545-8	x10⁻⁶°C
					≤ 9
					Valore dichiarato • Value declared • Valeur déclarée • Erklärter wert • Valor declarado • Заявленное значение
 (c.c.) Deviazione massima ammisible della curvatura del centro, in % oppure mm, in rapporto alla diagonale calcolata secondo le dimensioni di fabbricazione e.c. Deviazione massima ammisible della curvatura dello spigolo, in % oppure mm, in rapporto alle dimensioni di fabbricazione corrispondenti. w. Deviazione massima ammisible dello svergolamento, in % oppure mm, in rapporto alla diagonale calcolata secondo le dimensioni di fabbricazione. • c.c. Maximum permissible deviation, in % or mm, in the centre curvature from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the edge curvature from the corresponding work size w. Maximum permissible deviation in warpage, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the angle curvature, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the corner, in % or mm, from the diagonal calculated on the basis of the work size e.c. Maximum permissible deviation, in % or mm, in the curvature of the angle, in % or mm, from the diagonal calculated on the basis of the work size e.c.
